**Re: Planning Application Ref: 2025/0377/OUT**

**Erection of up to 235 Dwellings, Land South of Peafield Lane, Mansfield Woodhouse. Notts.**

Please be aware that **I am writing to register my objection** to the above Planning Application on the following grounds:

- ☐ Development of the site has **previously been refused on appeal** due to the '**harm to the safety and free flow of traffic**' and 'additionally, there would be **harm to the landscape character and appearance of the area**'. As detailed in the report by The Planning Inspectorate: Ref APP/X3025/W/19/3230027 15<sup>th</sup> November 2019
- ☐ In my opinion the **current situation** with the '**safety and free flow of traffic**' since the Appeal Decision in November 2019 **has deteriorated significantly**.
- ☐ Congestion into Mansfield along **the only two viable routes** from this part of Mansfield Woodhouse (namely A60 and A6075) **cannot cope** with the **existing volume of traffic** at **peak times**, or during **road closures** or **flooding particularly on the A6075 Debdale lane**.
- ☐ I frequently use the following **residential access roads** in an attempt to bypass congestion:  
.....
- ☐ I fear that the **increased pressure** on these roads is a **serious safety concern** for **all road users and pedestrians** alike.
- ☐ In my opinion the development application **has not** taken appropriate consideration of the **real impact to the safety and free flow of traffic on the road network** and the **use of residential access roads by the local community in the wider area** and the **legitimate concerns raised by the residents** of Mansfield Woodhouse.
- ☐ The **adopted local plan has sufficient land** already identified **for development for the next 8.7 years based upon the latest Mansfield Housing Monitoring Report 1<sup>st</sup> April 2024, published January 2025 and the application undermines the adopted Plan's spatial strategy.**
- ☐ **Increased air pollution** from the extra traffic and congested road infrastructure.
- ☐ Expansion of **the school** and resultant **parking problems**.
- ☐ **Medical services** in Mansfield Woodhouse are **already overstretched**, an influx of more users will create further problems.
- ☐ The **loss of open countryside** and **agricultural land** from our village. The **negative impact on biodiversity** from the **loss of farmland habitat** for at risk resident bird species.

**Signed** .....

**Address** .....

**Planning Application was submitted for a Major New Development off Peafield Lane – 235 Dwellings on the 16<sup>th</sup> June**

**ACT NOW!** You have a limited time to object to the plans. DEADLINE 18th July.

**Write and OBJECT to this proposed development.**

**How to Object**

Quote Application Ref; **2025/0377/OUT**

State you '**STRONGLY OBJECT**' and detail why

**Online** <https://planning.mansfield.gov.uk/online-applications>
